## Why Us?

A top name in hockey in the United States, Revolution Field Hockey programs are designed to help players take their skills and knowledge to the next level. Our camps are just as much about keeping both the ball and player in consistent motion as they are a vehicle to teach deeper values.

The days will start with warm-ups moving into skill development drills, tactical games and then to scrimmages - get ready to move! Our unique drills and learning games help campers stay engaged in a fun way and have proven highly effective at developing an overall hockey IQ. We believe in and practice accountability, both with our staff to ensure our participants improve through positive reinforcement and repetition, as well as with our campers to bring the effort and desire. Learning is an evolving process and we aim to develop creative players who will love the process of learning field hockey.
